Operational detail for root-cause analysis · Nov 2025 – Jan 2026 · 6,530 visits

ESI × Shift Breach Rate Heatmap

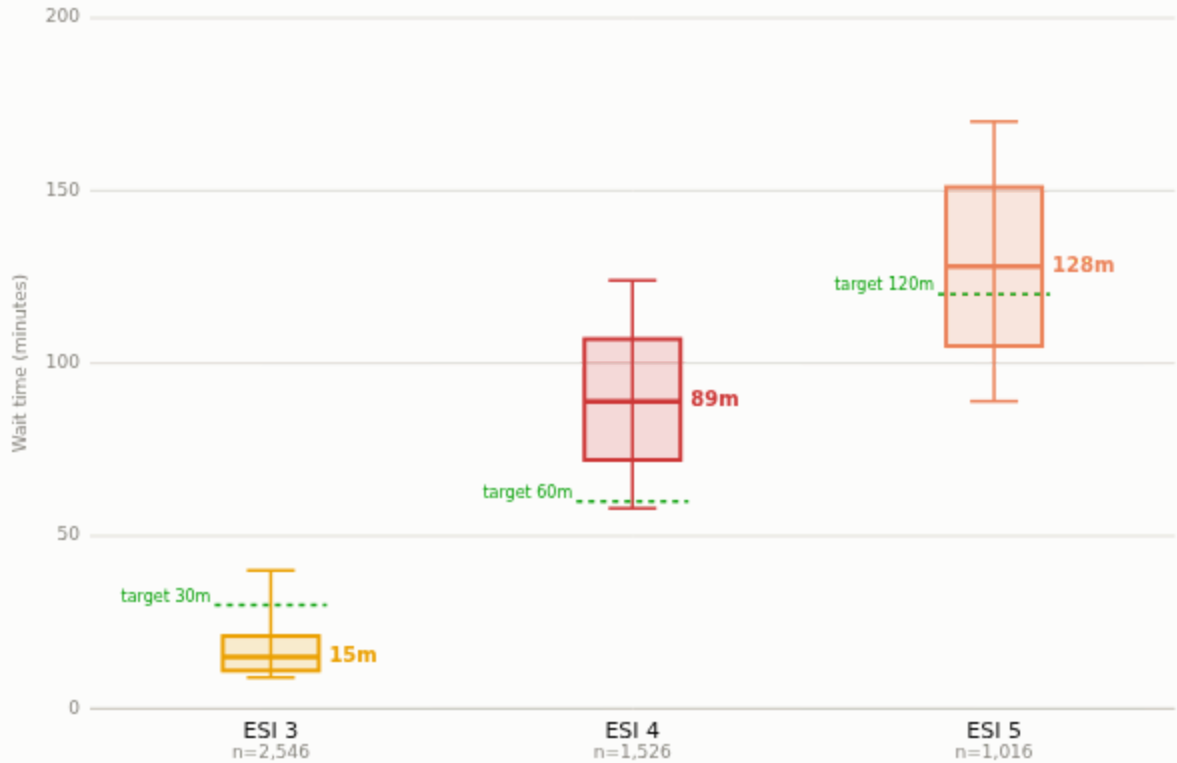

% of patients who EXCEEDED the target wait time per cell. Darker red = worse performance. Green = compliant.

Breach 0% Breach 100% Cell shows breach %, then n=patients

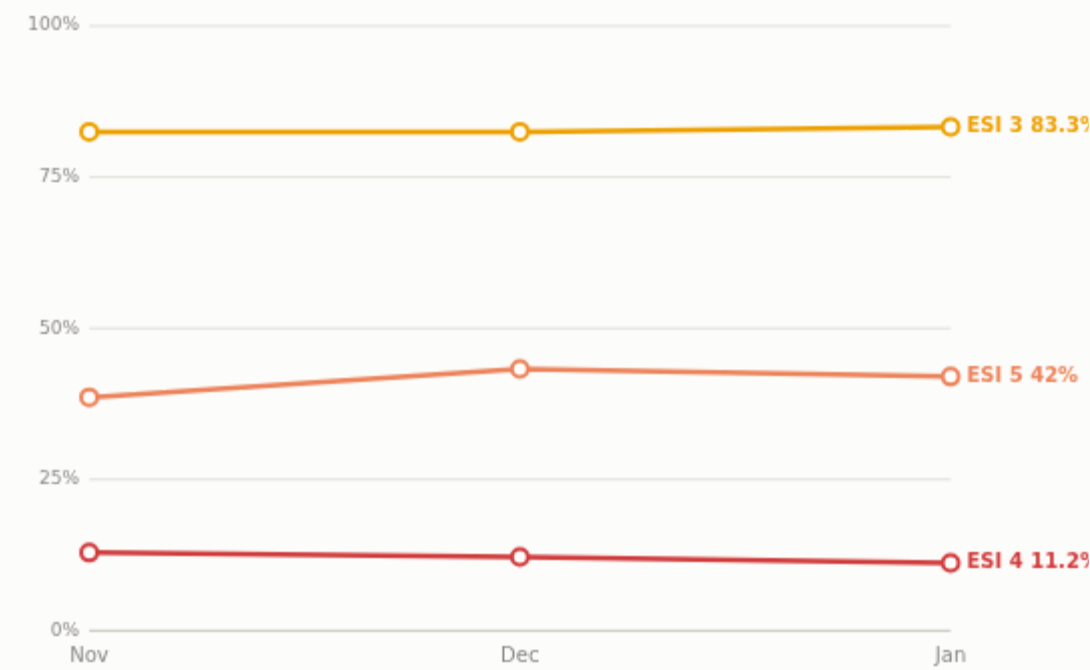

Wait Time Distribution — Breaching ESI Levels

Box = IQR (25th–75th percentile); whiskers = 10th–90th; ▲ = target threshold

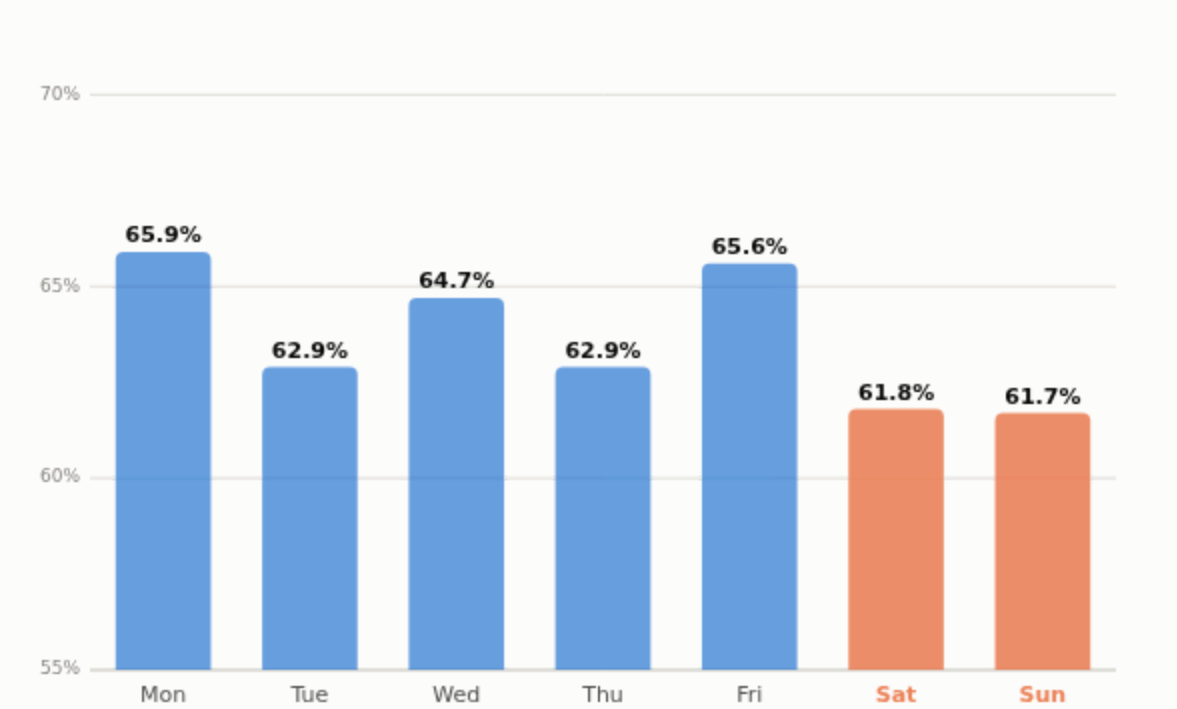

Monthly Compliance Trend by ESI Level

ESI 3, 4 and 5 — is any level improving?

Compliance Rate by Day of Week

Weekends (Sat–Sun) show the lowest compliance — possible staffing gap

Average Minutes Over Target — by ESI + Shift

Among patients who breached: how many extra minutes did they wait beyond the target?
